VISALIA FOX THEATRE TO CANCEL REMAINING MARCH SHOWS

The Fox is taking precautionary measures in light of the COVID-19 pandemic

VISALIA, Calif. – The Visalia Fox Theatre today announced that all remaining shows in March will be canceled or postponed to later dates in response to the COVID-19 (coronavirus) pandemic. Following the order of Governor Gavin Newsom and guidance from the Centers for Disease Control, the California Department of Public Health, and the Tulare County Health Department, events of 250 people or more are canceled through March 31.

“The well-being of our patrons, performers, and team members is our top priority,” said Vikky Escobedo, Executive Director of The Fox. “We’re closely monitoring the latest developments with an eye on our calendar. While we are disappointed to have to move or cancel these shows, we will resume operations as soon as we’re able to. We thank the community for its patience and understanding as we navigate this serious and quickly changing situation.”

Affected shows include:

- March 14: Frankie Quinones
Tickets for this show will be honored at a rescheduled show date on August 1. Those unable to attend should contact the Fox business office or our box office for a refund.
- March 21: Sequoia Symphony Orchestra
This performance will be rescheduled on a date to be determined in May.
- March 25: Catapult
The production company has canceled all California shows. Tickets purchased by credit card will be refunded next week. Ticket buyers who purchased tickets with cash should contact the Fox business office or our box office for refunds.
- March 26: Throwback Thursday: *Space Balls*
This showing has been canceled and all tickets will be refunded.
